

To whom it may concern,
Dear sir/madam,

It is with great honour and enthusiasm that we invite you to the 12th annual Model United Nations in Mostar, hosted by the United World College in Mostar. We are truly apart from other conferences because not only do we have internal and external delegates from over 100 countries, but also because this year we will be the second largest conference in the Balkans. The conference will take place March 22-24, 2018, in Mostar, Bosnia and Herzegovina. Our conference seeks to extend the mission of United World Colleges to promote peace and understanding through education, debate, and discussion. In addition to the more academic experiences of debating and negotiating, we will also provide recreational and social events to promote a fun, multicultural delegate experience where delegates from all over the world can meet. This year's conference will again take place in the beautiful, historic city of Mostar, Bosnia & Herzegovina.

The historic town of Mostar developed in the 15th century as an Ottoman frontier town and is a city with a rich history and strong cultural diversity. Mostar is home to the UNESCO World Heritage Old Bridge, Stari Most, and the United World College, which hosts around 200 students from over 70 countries across the world.

The general theme of this year's conference is "Political Action and Future Visions". The conference will have 6 councils and their respective topics are as follows:

- 1. Security Council:** The North Korean Nuclear Crisis, The Libyan Civil War
- 2. The European Union Committee:** Deciding on the future means of the EU towards its Member States. A common immigration policy in the EU zone applied to all member states.
- 3. Social, Humanitarian, and Cultural Committee:** Working for the Integration of transnational minorities, providing asylum for LGBTQ individuals fleeing prosecution.
- 4. Environmental Committee:** Finding ways to ensure the enforcement of International Agreements concerning the environment. Finding International Agreements on the situation of the Arctic.
- 5. Historical:** The Great Heathen Army invasion of Great Britain in 865 AD.

This year we are introducing one new council:

- 6. Disarmament:** Addressing the control of small arms and light weapons in post-conflict zones. Takling cyber warfare.

For more information or to register for the conference, visit our website at: munim2018.com

Please feel free to contact our organisational team if you have any further queries:
